

LABORT’S LABOPURE STANDARDS

LABORT® offers a series of calibration standards specifically designed for the analysis of sulphur in light mineral oil (viscosity 20cSt). These standards are ideally suited for ASTM Methods D2622, D4294, D7039, D7217, D7220 and others. LABORT's LABOPURE® grade Sulphur in Light Mineral Oil standards are manufactured from the highest quality raw materials available in India. These standards are made up on a weight by weight basis using balances which are routinely calibrated using NIST-traceable weights. LABORT's standards are accompanied by a Certificate of Analysis which states the actual concentration and the traceability to NIST. They are guaranteed to be stable for one year from the shipping date, subject to in intact condition at ambient temperature.

Product Code	Description	Packing	INR
45852	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 10,000µg/g(1.00%)	100ml	6865.00
45853	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 1,000µg/g (0.10%)	100ml	7885.00
45854	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 100µg/g (0.0100%)	100ml	6038.00
45855	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 10µg/g (0.0010%)	100ml	5746.00
45856	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 1,500µg/g (0.15%)	100ml	6220.00
45857	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 15µg/g (0.0015%)	100ml	6218.00
45858	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 20,000µg/g(2.00%)	100ml	6704.00
45859	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 200µg/g (0.0200%)	100ml	6712.00
45860	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 20µg/g (0.0020%)	100ml	6218.00
45861	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 25µg/g (0.0025%)	100ml	6219.00
45862	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 30,000µg/g (3.00%)	100ml	7036.00
45863	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 3,000µg/g (0.30%)	100ml	6219.00
45864	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 300µg/g (0.0300%)	100ml	6712.00
45865	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 40,000µg/g (4.00%)	100ml	7036.00
45866	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 400µg/g (0.0400%)	100ml	6219.00
45867	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 50,000µg/g (5.00%)	100ml	6583.00
45868	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 5,000µg/g (0.50%)	100ml	7885.00
45869	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 500µg/g (0.0500%)	100ml	6319.00
45870	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 50µg/g (0.0050%)	100ml	6220.00
45871	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 5µg/g (0.0005%)	100ml	6219.00
45872	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 7,500µg/g (0.75%)	100ml	6219.00
45873	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 750µg/g (0.0750%)	100ml	6219.00
45874	Sulphur in Light Mineral Oil standard solution, LABOPURE®, 75µg/g (0.0075%)	100ml	6110.00
45875	Sulphur in Light Mineral Oil standard solution, LABOPURE®, Blank (0.0000%)	100ml	5443.00
